Conwy
Riser Recliner Chair

**ADJUSTAMATIC**
COMFORT YOU CONTROL

Conwy

Relax in comfort with the stylish Conwy riser recliner. The sturdy single motor operation means you can ease into a relaxing sitting position or lie back into a restful snoozing position at a simple press of the remote control.

The Conwy is created to ease you from a standing to a sitting and fully reclining position with no physical effort at all, making getting in and out of your chair easy. Attractive and functional, this luxurious chair can help make everyday life that little bit more comfortable.

Comfort is key

The gentle reclining action allows you to easily move the footrest and backrest to help you find your preferred position. The chair can also be adjusted to suit a range of activities, such as watching TV, reading or sleeping. Hardly any effort is required to operate the chair, it is ideal for those who suffer from varying health conditions or require help when getting in and out of their seat.

The Conwy chair features cushioned lumbar and back support and allows you to spread your weight across the seat and footrest for maximum comfort. Not only does it help to promote healthy posture, but it also eases the muscle aches and pains associated with long periods of inactivity.

Made from the finest materials

Despite being highly practical, the Conwy chair doesn't compromise on style. Upholstered in a soft yet hardwearing fabric range, it comes with an option of 40 stylish colours and patterns for you to choose from. With such a wide variety of coverings available, you shouldn't struggle to find something to suit your tastes.

The Conwy chair also features a sturdy frame that remains secure even when raised, meaning you can feel safe at all times. All of our chairs are rigorously tested to ensure optimum comfort and reliability, so you can rest assured that you will be getting the highest quality when you purchase from us.

For peace of mind, the Conwy chair also comes with a two year guarantee.
