Double Regency Ottoman Bed with Airflow Active Comfort® mattress upgrade

Regency Ottoman Bed

ADJUSTAMATIC
COMFORT YOU CONTROL

Regency Ottoman

Part of our Regency range, the Regency Ottoman combines all the benefits of an adjustable bed with the convenience of built-in storage, a first of its kind in the UK.

Unlike traditional adjustable beds, which sacrifice storage space due to internal mechanics, the Regency Ottoman is cleverly engineered to offer both comfort and functionality.

Experience an infinite range of adjustable positions to find your perfect level of comfort. The slatted base provides full support and is robustly built to lift up to 22 stone, giving you peace of mind along with exceptional comfort.

With space at a premium in today's homes, the Regency Ottoman helps you make the most of every inch, no compromise needed.

Choose the option that suits you:

The standard package includes our supportive Standard Health® mattress and choice of either a strutted or full height headboard. Alternatively, you can choose to upgrade to one of our premium mattresses, the pressure relieving Core Comfort® or the breathable Airflow Active Comfort® mattress.

Key product benefits

- Generous under bed storage
- Infinite range of adjustments
- Access ottoman storage easily with a wireless remote and electric lift, all at the push of a button
- 22 stone lifting capacity
- 2 year guarantee
